April 8, 2020

Dear Motor Vehicle Inspection Station (MVIS) licensee(s):

To help contain the spread of COVID-19, the province has passed regulatory changes that extend the validity period of driver, vehicle and carrier products and services that expired on or after March 1, 2020. As an MVIS license holder, please note that we are extending the validity of the:

- Safety Standards Certificate (SSC)
- Structural Inspection Certificate (SIC)
- Semi-annual vehicle inspection
- Annual vehicle inspection

The Ministry remains committed to providing timely delivery of MVIS stock products, but due to office staffing and scheduling challenges, we ask that you limit your stock orders to quantities that will fulfill your immediate needs.

If you have any further questions, please contact our client services team by email at cvor@ontario.ca, but note that response and/or wait times may be longer than usual. We appreciate your patience and apologize for any inconvenience.

For additional information regarding the regulatory changes, feel free to refer to the [official press release](#).

Sincerely,
